

## AEJMC MIDWINTER CONFERENCE 2013

at

Gaylord College of Journalism and Mass Communication @ University of Oklahoma  
(March 1-2, 2013)

### INTERNATIONAL COMMUNICATION DIVISION OF THE AEJMC

#### *CALL FOR PAPER ABSTRACTS AND PANEL PROPOSALS*

The AEJMC Midwinter Conference is an annual forum for the presentation of research and debate in areas relevant to the 12 AEJMC groups (divisions, interest groups and commissions) sponsoring the event. The conference provides a platform for presentations and extended discussions in a relaxed setting.

The 2013 Midwinter Conference is scheduled for March 1-2 at the Gaylord College of Journalism and Mass Communication (University of Oklahoma) in Norman, Oklahoma. For the fifth year in a row, conference participants will be able to enjoy the College's state-of-the-art teaching and research facilities, as well as many winter diversions outside the conference activities, including world-class museums and art galleries.

*Paper abstract submissions:* Authors are invited to submit research paper abstracts of between 600 and 800 words (word count excludes author information and references). Abstracts should give a clear sense of relevant literature, research objectives, methodological approach, stage of research project (conceptual, data gathering, data interpreting), findings and conclusions.

Submissions in response to ICD's call for papers should be made by e-mail to the midwinter chair for the ICD, Dr. Emily Metzgar of Indiana University (email: [emetzgar@indiana.edu](mailto:emetzgar@indiana.edu)). Note that authors can submit a given paper abstract to only one participating group. Submitting the same paper abstract to more than one group will result in disqualification from the review process. Note too, that only abstracts should be submitted. No full papers, please.

Authors of accepted paper abstracts will be notified by mid-January 2013. Papers presented at the midwinter conference will be also eligible for presentation at the AEJMC national convention in August. Authors are encouraged to use the midwinter conference as an opportunity to get feedback on their research to prepare it for submission to the national conference.

Authors of accepted abstracts must submit complete papers (not exceeding 30 pages) to the discussant of their conference session at least two weeks before the Midwinter Conference.

At least one author of each accepted paper must register and attend the conference to present the paper. Failure to register by the deadline provided with notification of acceptance will result in all authors' names and papers being removed from the program. No onsite registration will be available.

*Panel submissions:* The ICD is also inviting panel proposals. These proposals should be sent via email to the ICD's midwinter chair, Dr. Emily Metzgar, Indiana University (email: [emetzgar@indiana.edu](mailto:emetzgar@indiana.edu)). Panel submissions should include the panel title, a description of the session's focus, the issues to be discussed, and a list of panelists (potential and confirmed), including affiliation. Panel proposals should not exceed two double-spaced pages.

*Submission format:* All submissions (for paper abstracts and panels) should include the name(s) of the author(s) or panel organizer(s) *on the title page only*. The title page should also include the author or lead author's (or organizer's) mailing address, telephone number and e-mail address. The title should be on the first page of the text and on running heads on each page of text. Authors should e-mail their abstracts or proposals as attachments (saved with the author's last name as file name) in a standard word-processing format (preferably Word or RTF) to the ICD midwinter chair (see above). Authors must ensure that they remove any identifying information from their document (with the exception of the title page).

**\*\*DEADLINE\*\***

SUBMISSIONS SHOULD REACH THE ICD MIDWINTER CHAIR BY NOON (EASTERN), DECEMBER 9, 2012.
