

**AEJMC: Law and Ethics Divisions**  
**EXPLORING THE ETHICAL AND LEGAL IMPLICATIONS OF**  
**FACIAL RECOGNITION TECHNOLOGY**

**Wednesday, April 28, 2021, 7 p.m. (ET)**  
Register in advance for this panel discussion:  
<https://go.unc.edu/FRT>

Facial recognition technology provides a valuable tool for law enforcement and private actors. However, the technology has been criticized for intrusions upon individual privacy and for its decreased accuracy rates based on race and gender. The panelists will discuss the ethical and legal considerations around this technology, examining the potential tensions between governmental regulation, normative arguments, and constitutional concerns.

**Panelists:**

**Jasmine E. McNealy, J.D., Ph.D.**

Associate Professor, Department of Telecommunication, University of Florida
